REPUBLIC SPECIAL

Jefferson City, Mo., Aug. 15.-State Au-ditor Albert O. of similar property for taxes of 1900. The assessment of railroad, bridge and telegraph property, just completed, for taxes of 1891, is of extraordinary interest, in that it is the first assessment of these properties to be made under the law of 1991, providing that the board shall take into consideration and clace a valuation united to the consideration and clace as valuation united to the class of the consideration and class of the cl into consideration and place a valuation up-on the franchises held and exercised by these companies. The comparisons insti-tuted by Augustor Allen will disclose the extent to which the former board took into extent to which the former board took into consideration the franchises of these companies in placing a value upon their property for purposes of taxation before any law was upon the statute books expressly requiring the assessment of franchises. The law in question provides that the item of value places upon the franchises of these companies shall be included under the head of "all other property," and in the following matter wherever these words occur they will be treated as meaning franchises. The assessment, ust competed, compared with that of the same properties for taxes of 1269, is as follows:

row with his atterneys as to the preparation of his case for the court of inquiry next month.

He will be represented by a formidable array of lawyers, headed by former Jodge Jeremiah M. Wilson of this city, one of the leading members of the District of Columbia bar. Another of his atterneys will be Atterneys General Isidor Rayner of Maryland. Mr. Rayner was formerly a member of Congress from Maryland, and is one of the leading lawyers of that State. Associated with these two gentlemen is Captain James Parker in South Amboy, N. J., formerly an officer in the navy. Captain Parker's experience in the navy and knowledge of court naval procedure caspecially fit him for the work in hand. The course to be pursued before the court of inquiry will be mapped out at to-morrow's conference.

Sampson Will Be Called to Testify. Rear Admiral Sampson has not yet been notified to held himself in readiness to appear before the court of inquiry. It is certain that he will be called. If the Judge Advocate General does not ask to have him summoned, Admiral Schiey's counsel will insist on his appearance. They will endeavor to put him on the defensive from the start. He will be asked to explain his failure to attack the Spanish armored cruiser Colon, which was lying in plain view in the mouth of Santiago Harbor, for about four hours after his arrival there. Admiral Schiey has been criticised for failing to attack the Colon at effective rauge. Admiral Sampson will also be questioned about his course in taking the New York off the blockading line on the morning of July 3, 1898, when he started to the conference that had been arranged with General Shafter. Admiral Schley's counsel will endeavor to make it appear that the absence of the New York waskened the blockading line to a dangerous degree.

It is probable that the court of inquiry will assemble in one of the new buildings at the Washington Navy Yard, instead of in a room at the Navy Department, as was at first contemplated.

Admiral Sampson will live in Washington in the sample o
